MOTIP DPF Cleaner

Technical Information

Remove ash deposits in diesel-particle filter systems without disassembly with MOTIP DPF Cleaner. DPF Cleaner is fast-acting and is non-corrosive. MOTIP DPF Cleaner is free from solvents and non-flammable.

Ord.-no: 090515

Quality & properties

Fast-acting
Free from solvents
Non-corrosive
Non-flammable

Physical & chemical data

Base: Tenside solution
Colourname: no colour
Smell: Characteristic
Surfaces: Desel-particle filter systems
Minimum Working Temperature: 10 °C
Maximum Working Temperature: 25 °C
pH value: 11
Flash point: n.a. °C
Storage stability: 10 years
Content: 400 ML

How to use

Before use, carefully read the directions on the packaging and act accordingly.
For professional use only
The aerosol should have room temperature
Best processing temperature 10 to 25°C.
Before use, shake the aerosol.
Before use, allow the engine to cool down (maximum 50°C). Observe the instructions of the car manufacturer.
Disassemble temperature or pressure sensor from the filter. Insert the special tube into the opening. Empty the can in the following intervals: spray 3 - 5 times; allow to soak for 5 seconds.
Install temperature or pressure sensor. Start the engine and allow to run stationary for at least 15 minutes to evaporate most of the fluid. Make a test-drive of 30 minutes. This may cause the formation of steam.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as “special refuse”.

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of August 4, 2025 – This release replaces all eventually earlier issued versions.
